ROLL-UP RANGE

These great “stow-and-go” dinghies are perfect when space is limited. Available with either an inflatable or sectional aluminum floor, all models come with a powder coated aluminum transom which won’t delaminate like traditional plywood transoms. Davit lifting points are built in, and a cup holder is built in to the seat. Bimini top available as an option.

Model	Length	Beam	Inside Length	Inside Beam	Weight	Max People	Max Payload	Max HP	Transom	Chambers	Tube Dia	Flooring

ULTRALITE RANGE

As the name suggests, the Ultralites’ low weight make them a real alternative for those who want the weight of a collapsible boat but the performance of a rigid hull. 2.5mm powder coated aluminum hull is matched with large tube diameters, with the option of either welded PVC tubes or Orca® Hypalon material. A fuel tank shelf/step in the bow allows a 3 gallon tank to be strapped forward and full non-slip deck throughout.

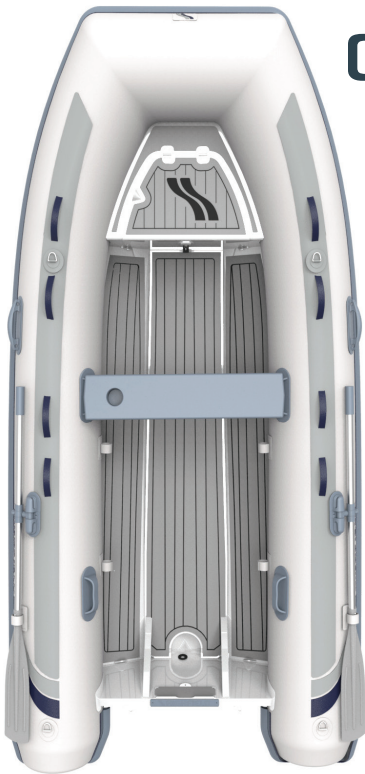

UL 260

Model	Length	Beam	Inside Length	Inside Beam	Weight	Max People	Max Payload	Max HP	Transom	Chambers	Tube Dia	Deadrise

**15" tubes avail as an option for those wishing narrower beam*

CLASSIC RANGE

This range of tenders has been designed to work hard. A durable aluminium hull coupled with a full length keelguard make these ideal for those beach-hopping days. The weight savings of aluminum, compared to equivalent fiberglass RIBs, means you’ll enjoy impressive performance with smaller engines, and with a range of sizes, there’s a tender for everyone. EVA non-slip deck in grey or brown teak, welded towing eyes, and a large bow locker for fuel tank storage are standard.

Classic 310

Model	Length	Beam	Inside Length	Inside Beam	Weight	Max People	Max Payload	Max HP	Transom	Chambers	Tube Dia	Deadrise

CLASSIC FCT Console Option

Take your Classic 310 through 380 to the next level with the addition of the FCT-7 console. Designed to attach to fittings pre-built into your Classic, this is the latest version of our all-in-one seating and steering design, a helm with wheel and steering cable, and built-in navigation lights, switches for the lights, as well as the standard electric bilge pump.

optional carbon dash pictured

CLASSIC 420/460

If you want a simple but capable utility boat or tender, the two largest Classics come outfitted with internal fuel tanks and separate upholstered bench seat with storage. Also included are the SDS console, a full electrical package with navigation lights and automatic bilge pump, and space on the console for installing gauges. A foam EVA teak deck is standard, as on all other Classics, along with an upholstered bow seat. Roll bar is available as a factory-ordered option.

Classic 420

Model	Length	Beam	Inside Length	Inside Beam	Weight	Max People	Max Payload	Max HP	Fuel Tank	Transom	Chambers	Tube Dia	Deadrise
CL 420	13' 9"	6' 11"	10' 5"	3' 5"	578 lbs	8	1814 lbs	60 hp	10.5 gal	Long	4	19"	20°
CL 460	15' 11"	6' 11"	11' 7"	3' 5"	653 lbs	9	2081 lbs	80 hp	10.5 gal	Long	5	19"	20°

Classics are available in a range of color schemes, in both Valmex® PVC and Orca® Hypalon tubes. Grey teak is standard, but brown teak is also available.

Overall cover and bow cushion available as options (cushion standard on 420/460)

SPORT RANGE

SPORT 300/330/360

The SPORT series feature everything that defines a luxury small tender, designed to deliver maximum performance and comfort with engines in the 20 to 40hp range.

The smallest Sports offer a wide deck, built-in rear seat, quilted diamond upholstery, and low profile console for an unbeatable level of comfort and storage capacity. Also standard are built-in navigation lighting, welded towing eyes, LED convenience lights, and an automatic bilge pump with manual override. Choose from a wide range of colors for the ultimate in a personal sport tender.

Sport 360

SPORT 390/420/460

The midsize SPORT models combine all the seagoing capabilities of our Patrol range, but with the looks and feel you demand of a family RIB.

Internal fuel tanks on every boat keep your decks clear while the integrated rear bench with huge storage compartment makes carrying your gear for longer passages a breeze.

Brushed EVA teak flooring, internal LED convenience lighting, recessed cleats & high quality upholstery set this range apart from the competition. Roll bars with mounted stern light and sun deck cushions available as options.

Model	Length	Beam	Inside Length	Inside Beam	Weight*	Max People	Max Payload	Max HP	Transom	Fuel Tank	Chambers	Tube Dia	Deadrise
SPORT 390	12' 10"	6' 4"	8' 3"	3'	613 lbs	7	1579 lbs	60 hp	Long	8 gal	3	19"	20°

Sports are available in a range of color schemes, in both Valmex® PVC and Orca® Hypalon tubes.

Stainless steel towing post and upholstered sun decks available as options.

Sport 390

SPORT 520

The SPORT 520 features wider platforms and the capacity to handle a much larger engine than the small Sports, being at home with 70 to 100hp power plants. Large tube diameters gives the boats incredible capacity and the driest rides in its size range, and the options for colors allow you to come up with a look that is uniquely your own.

Integrated swim platform make the 520 a perfect family sportboats, especially when outfitted with the optional sundeck cushions upfront.

* weight includes boat plus console

Sport 520

SPORT 560

The SPORT 560 changes to a stand-up bolster seating system, with upholstered seating for up to seven as standard equipment. This is designed to handle maximum power, and is available in the usual Sport color range as well as a limited edition Cream & Black build.

* weight includes boat plus console

Sport 560

SPORT 650/700/800

The largest SPORT models combine the efficiency and high performance of our aluminum hulls with deluxe outfitting, making them the ultimate in large luxury RIB tenders and sportboats.

Built-in seating and large consoles allow for flexibility in instrumentation and layout.

Brushed EVA teak flooring, internal LED convenience lighting, recessed cleats & high quality upholstery set this range apart from the competition. Tow post with mounted stern light and sun deck cushions available as options to give you a range of uses.

Sport 700

Sport models are available in a range of color schemes, in both Valmex® PVC and Orca® Hypalon. Grey teak is standard, but brown and black teak are also available.

PATROL RANGE

Patrol 460 w/jockey consle

The PATROL series offers a range of customizable cockpit layouts, giving you a number of options for what kinds of seating and steering set-up you want, ideal for yacht club chase boats, expedition operators, or private owners looking for the ultimate in a big, powerful RIB.

Options vary by model - please consult the Highfield website along with your dealer to find the exact combination of boat, seating/steering combination, and add-ons like T-tops, roll-bars, and other sporty, useful accessories for you.
